“ I have to say I have so many memories of uncle Billy . I was always either at his house as a little girl playing with my cousins . And continued it as a teenager . But always being there with my dad coming over there seeing him and my dad always playing cards or dominoes working on something . And Giving his advice for me but he always had a smile . But as he got older he would be sitting at his computer .i stop by and check on him and tell him I loved him on my way to see my mom . It will be hard driving down the road to go see my mom and him not be there . But I know that he's up there play in dominoes with my dad and the rest of his brothers . I will always love you uncle Billy .
