“ To the Bishop family:

*My thoughts and prayers are with you in your time of grief.
May your memories bring you comfort.*

It was sad to hear of Billy's passing. I grew up with Lisa & Terri Janicek (step kids) and he taught me how to water ski and experienced deer hunting. He would call me by me-shell instead of Michele.

He was a very generous man. Rest In Peace Billy!

“ *I first met Billy in Panama when he was doing business with my husband on the Panama Pipeline. We bought lots and built a couple of homes at Bishop's Landing. He was always a good friend to me. If I (we) needed anything he was always more than generous. He was a good man and will be missed. RIP Billy.
