JK

“ *Best woman all around taught me to always stand up for what I believe in and take no crap from no one . She loved me and my son whole heartedly like we were her own. She was my best friend and always gave great advice. And would give you the shirt off her back if you needed it. She was the best crappie fishing partner ever. And made the best banana pudding and potato salad And broccoli casserole. There were many days I would show up and she would be working on those beautiful quilts she would be making for the super bowl . She just loved it when all the kids would show up and that always put the biggest smile on her face and she would get the biggest kick out of some of the things they would say. She loved her church's chicken . I remember when I was pregnant and she worked at rattle snake ranch she would always bring me those chocolate covered pecans. And always spending hours in the kitchen making chocolate's. She was one hell of a women that always was helping everyone else even when she didn't have it to give. Love you always and will miss you dearly*
