“ I am so sorry to hear about Roy. He was hands down the best boss I ever had, and he was so much fun to be around. I was at KKYR in Marshall, Texas, when he came in as boss man, and I was the secretary/bookkeeper. One day one of our dj's didn't come in and the one going off the air refused to stay, so it was just Roy and me, and Roy had a meeting he had to go to, so he said since I liked to talk, he wanted me to take the shift. He quickly showed me the controls I needed to know, like how to turn the mic on/off, get the music going, and he was outta there for his meeting. I kept that board shift for years.

Roy never, ever cussed - well, except for one time. We had a tornado headed our way and he told me to get the hell out. I didn't hesitate, I grabbed my purse and took off because if he was cussing, he meant it.

I also want to take this opportunity to say hi to Carolyn and Hobie, who is my favorite ex air traffic controller. I've thought about y'all over the years, too. I missed not being able to give Hobie a hard time with him dishing it right back. I hope life has been good to you!

I just saw your post, Debbie. It is so good to hear from you. Daddy and Mama had a good life. They lived in Bryan, Texas for 13 yrs or so. Mama passed in May of 2015. Daddy had a stroke in 2011 and couldn't use his left side of his body but never lost his wit. He was funny until the last couple of days of his passing. Hobie and I just celebrated our 47th anniversary and are doing well. We had a baby boy in 1989 and now have six grandchildren. Life has been good for us. I hope life has been good for you as well. I remember your golden voice... good memoires.

“ *I had been a night DJ at KSAM while attending Sam Houston and several years later in 1968, while I was working as the headquarters public information officer for the Texas Department of Public Safety, Roy recruited me to be the weekend night DJ and engineer at KVET in Austin. Under DPS policy I had to use an air name at KVET but Roy was fine with that. He was a true legend in Texas broadcasting and to have had the opportunity to practice that craft for a couple of years under his coaching and leadership was a once in a lifetime experience. I admired him greatly and extend my sympathy and best wishes to his family.*
