“ Reminiscing of memories with Kathy at Papa & Granny's & Uncle James & Aunt Lonnie's. I'll never forget our childhood. We had so much fun playing kickball, volleyball, riding bikes, jumping haybales, picking blackberries, making & walking on stilts made from coffee cans & hay string. Us short girls felt tall. Lol. We could talk forever. Chatty Kathy & motor mouth Jesica. Lol. I will miss your voice & beautiful infectious smile. No matter what came Kathy's way she was as positive as could be. Memories to cherish and treasure. Until we meet again, Prayers of comfort & peace to family & friends.

“ Reminiscing of our childhood at papa and granny's. I was so excited when Uncle James and Aunt Lonnie would bring you and David to come play. We always had so much fun; from jumping hay bales, hide n seek, picking blackberries, soccer or making and walking on stilts made from coffee cans and hay string. Us short girls felt so tall. Lol. Or when my mom would bring us to yalls house to play. We always played volleyball, rode bikes, played cops & robbers. We could just talk forever.. We played "makeup" Lord we were terrible at it. Lol. I'm going to miss your voice & laugh. No matter what was thrown your way, you were as positive as one could possibly be, with a smile on your face. Such an infectious, beautiful contagious smile. So Blessed to of had the times & memories we had together. I will cherish and treasure them forever. Until we meet again. Prayers of comfort, peace, and understanding for your family.

“ Reminiscing of the memories we had of our childhood at papa & granny's house. I was so excited when Uncle James & Aunt Lonnie would come visit. We had so much fun; playing kickball, jumping hay bales, picking blackberries, making & walking on stilts made from old coffee cans with haystrings. Us short girls felt so tall. Lol. Or when my mom would bring us over, we could talk forever, played volleyball or cops & robbers. When we would do "makeup" Lord were terrible at it. Lol. No matter what was thrown your way you were always so positive, a little spunky at times, but positive. Such an inspiration. I will miss your voice & infectious smile. I will always have these memories to cherish & treasure forever. Blessed to have been your cousin. Until we meet again. Praying for peace & comfort for your family.

“ Reminiscing of times spent at papa & granny's house. I was so excited every time Uncle James & Aunt Lonnie would bring Kathy & David, so we could play. or when my mom would take us to play Lol... Jumping hay bales, picking blackberries, playing soccer, making & walking on stilts made from hay string & coffee cans, Us short girls felt tall. We always had so much fun. No matter what circumstances were thrown Kathy's way she was always positive, a little spunky at times, but positive. I'm going to miss her voice & infectious smile. Kathy was a big part of my childhood & I will always cherish and treasure the memories we had together. Prayers of peace & comfort for family & friends.
