“ Myrtle was such a special lady. She would brighten anyone's day the moment you sat down and started talking to her. My favorite thing about myrtle was how feisty she was. She would let you know right quick what she wanted you to do and how to do it. She will be missed dearly.

I know you're eating all the seafood, playing all the bingo, and watching the Texans from the best seat in the house. I love you Myrtle.

“ *Mert was such a striking figure of a woman! So tall and graceful! It was an honor and a privilege to know her, even for such a short time.*
I loved her sense of humor, kinda dry and a little sneaky.... her funny bone would sneak up on you and crack you up! Her beautiful eyes would look at you and there was kindness, laughter and wisdom shining through.
Miss you Mert, Lord willing I will see you on the other side.
