“ Aunt Ronda, you helped raise me and were like another mother to me. All my memories of you involve uncle Rickey, and all of us Bruce kids. Being the only girl out of the bunch, you spoiled me a lot and let me get away with picking on the boys. I will forever remember our last outing to Red Lobster before you and uncle were really ill. It was my favorite time with y'all as adults. The chicken trickery you pulled on me I will laugh about to the day I pass. I know your boys are taking good care of uncle Rickey and you should be so proud of them. I know you are watching over all your children now including grands and greats. I can only speak to what I know, and that is you were loved by all your kids including those of us who were not your biological kids but rather nieces and nephews who you made an impact on. Terry, Rickey, and Orin my heart breaks for you boys and I know how important she was in your lives and I only hope you take this time to spend every moment you have left with your dad to help fill that void. You will always be my brothers so to speak. Uncle Rickey, I only hope that you find peace and comfort knowing you will see her again one day and the pain will never go away but it will get easier to handle. Dora and Tina I am sorry for your loss as well.
